

## TUESDAY FLAG DAY

The American Flag Association, an association of individuals and flag committees from patriotic societies in the United States, formed in 1897, to promote reverence for and prevent the desecration of the flag of our country, has issued a letter to the governor of each state, to the mayor of each American city, to the American press, to officers and members of all American patriotic societies and to all citizens, saying:

The American Flag Association, agreeable to its custom for the past thirteen years, reminds you that Tuesday, June 14, 1910, will be the 133rd anniversary of the adoption of the stars and stripes as the flag of the United States. It would seem only necessary to remind you to secure your co-operation in securing the widest possible observance this year.

## EAGLES ARE LIBERAL ENOUGH

But Won't Wink at Law-Breaking—Ordered to Cut Liquor Out of Dry Zones.

A Kansas City, Mo., dispatch of the 4th says: "The Eagles are to cut out intoxicating liquors in dry territory. The flat has gone forth from headquarters."

"Frank E. Hering, Grand Worthy President, has issued an order calling for a discontinuance of sale of liquors in buffets by the locker system or in any other form in every Eagle Club located in a prohibition state or in a local option city or county. The Grand Trustees of the order, who are now in Kansas City, have sanctioned the order. The purpose of the order is purely an administrative measure. It is aimed at those series in 'dry' territory which have been permitted to conduct buffets or lockers by virtue of a liberal policy on the part of the city and county officers willing to 'wink at the law'."

The order applies to some 2,000 subordinate organizations, with a present membership of 350,000, in the entire jurisdiction where the operation of a buffet is in violation of local laws. Under this mandate Eagle buffets will be closed in local option sections over the South, the greater part of Ohio, Pennsylvania and Indiana, and over all Kansas, Oklahoma and Maine. In Kansas alone 55 Eagle aeries will be affected.

They ran over a number of logs in the yard before they were stopped.
